I	Age Sex Distribution of Population	1
	<i>B. D. S. Dangol</i>	
	1. Introduction	1
	2. Population Size and Growth Rate	1
	3. Sex Composition of Population	3
	4. Age Data and its Accuracy	5
	5. Distribution of Population by Five Year Age Groups	12
	6. Index of Ageing and Median Age of Population	15
	7. Age-Sex Distribution of Population by Rural/Urban Residence	15
	8. Age-Sex Distribution of Population for Development Regions	17
	9. Age-Sex Distribution of Population for Ecological Regions	19
	10. Utilization of Age-Sex Distribution of Population	21
	11. Conclusion	22
II	Population Distribution and Growth.....	25
	<i>Prof. M. L. Singh</i>	
	1. Introduction.....	25
	2. Spatial Distribution of Population	26
	2.1 Population Distribution by Ecological Zones	26
	2.2 Population Distribution by Development Regions	28
	2.3 Population Distribution by Ecological and Development Regions.	29
	2.4 Population Distribution by Districts	30
	2.5 Distribution of Districts by Size of Population	36
	2.6 Distribution of Village Development Committees (VDC) and Municipalities by Size Of Population	38
	2.7 Rural/Urban Distribution of Population	40
	3. Population Growth Variations	42
	3.1 Population Growth Rates by Development Regions	42
	3.2 Population Growth Rates by Ecological Zones	42
	3.3 Population Growth Rates by Ecological and Development Regions ...	43
	3.4 Population Growth Rates by Districts	44
	3.5 Growth of Urban Population	45
	4. Spatial Variations in Sex Ratio of Population	45
	4.1 Sex Ratios by Ecological Zones	45
	4.2 Sex Ratios by Development Regions	46
	4.3 Sex Ratios by Ecological and Development Regions	46

	<i>page</i>
4.4 Sex Ratios by Districts	47
4.5 Sex Ratios by Rural/Urban Residence	51
5. Population Density	51
5.1 Population Density by Ecological Zones	51
5.2 Population Density by Development Regions	53
5.3 Population Density by Ecological and Development Regions	53
5.4 Population Density by Districts	54
6. Conclusion	59
III Fertility Levels, Patterns and Trends	61
<i>Radha Krishna Gharty Chhetry</i>	
1. Introduction	61
2. Data Availability and Analytical Techniques	61
3. Child Woman Ratio: A Measure of Fertility	63
4. Estimation of Level and Age Pattern of Fertility	64
5. Trends in Fertility	67
5.1 Trends in Age Specific Fertility Rates	67
5.2 Trends in Total Fertility Rate	69
5.3 Trends in Crude Birth Rate	70
6. Regional Variations and Trends in Fertility	72
6.1 Fertility Variations Among Development Regions	72
6.2 Fertility Variations Among Ecological Zones	73
6.3 Rural/Urban Differentials in Fertility	74
7. Determinants of Fertility	76
7.1 Age at Marriage of Men and Women	76
7.2 Educational Differentials in Fertility	77
7.3 Occupational Differentials in Fertility	78
7.4 Fertility Differentials by Industry	79
8. Social and Demographic Factors in Regional Fertility Variations	80
9. Conclusion	81
IV Mortality Levels, Trends and Differentials.....	85
<i>Krishna Prasad Shrestha</i>	
1. Introduction	85
2. Estimation of Mortality Level.....	85

	<i>page</i>
2.1 Estimation of Mortality Based on Age Distribution of Population at One Point of Time	85
2.2 Estimation of Inter-censal Mortality Based on Two Census Age Distributions	88
2.2.1 Preston-Bennett Technique.....	88
2.2.2 Integrated Technique.....	89
2.3 Widowhood Method for Estimating Adult Male Mortality	91
2.4 Estimation of Infant and Child Mortality Using Data on Children Ever Born and Children Surviving, by Age of Mother	92
2.5 Plausible Estimates of Mortality in 1991 for Nepal.....	94
3. Trends and Differentials in Mortality	96
3.1 Crude Death Rates 1961-1991	96
3.2 Age Sex Patterns of Mortality	97
3.3 Choice of Model Life Table	98
3.4 Infant Mortality Rates 1961-1991	103
3.5 Differentials in Infant Mortality by Socio-Economic and Demographic Variables	107
3.6 Neonatal and Post-neonatal Mortality	109
3.7 Maternal Mortality	109
3.8 Life Expectancy at Birth	110
3.9 Urban Rural Differentials	111
3.10 Regional Variations	112
4. Conclusion.....	115
Appendix Table A.....	116
Appendix Table B.....	129
V Internal Migration.....	131
<i>Badri Prasad Niroula</i>	
1. Introduction	131
2. Physical Setting and Administrative Divisions	131
3. Source of Data	133
4. Definitions	133
5. Population Growth and Density	134
6. Volume of Life-Time Migration: National Level	136
7. Volume of Life-Time Migration Among Ecological Zones	137
7.1 Sex Composition of Migrants	141
8. Volume of Life-Time Migration by Development Regions	142
8.1 Sex Composition of Migrants	144
9. Migration Streams: 15 Ecological-Development Regions	145

	<i>page</i>
10. Period Migration.....	150
10.1 Characteristics of Migrants	153
10.1.1 Age-Sex Composition	154
10.1.2 Literacy Status and Educational Attainment	155
10.1.3 Marital Status	157
10.1.4 Occupation	160
10.1.5 Caste/Ethnic Composition	161
11. Summary.....	162
VI Nuptiality Trends, Differentials and Patterns	167
<i>Dilli Prasad Bhattarai</i>	
<i>Radha Krishna Gharty Chhetry</i>	
1. Introduction	167
2. Definition of Terms	167
3. Marital Status Distributions of Men and Women : Temporal Changes	169
3.1 Marital Status: Overall Inter-Censal Changes	169
3.2 Proportion Never Married by Age and Sex	170
3.3 Proportion Currently Married	171
3.4 Widowhood	176
3.5 Proportion Divorced/Separated	176
4. Estimation of Age at Marriage of Men and Women	181
4.1 Singulate Mean Age at Marriage by Sex	181
4.2 SMAM by Rural-Urban Residence	181
4.3 Differentials in SMAM by Ecological Zones	182
4.4 SMAM by Development Regions	182
4.5 District Level Variations in the SMAM	183
5. Marital Status Distribution: Spatial Variations	186
5.1 Rural/Urban Differentials	186
5.2 Differentials by Ecological Zones	187
5.3 Differentials by Development Regions	188
6. Factors in Rising Age at Marriage	190
6.1 Effect of Literacy	191
6.2 Effect of Urbanization	191
7. Nuptiality Parameters and Differentials	193
7.1 Nuptiality Indexes	193
7.2 Coale's Model of Age Pattern of Marriage	195
8. Effect of Changes in Marital Status Distribution on Birth Rate	197
9. Conclusion	199
Annex	200

	<i>page</i>
VII Economically Active Population	205
<i>Dr. Puspa Shrestha</i>	
<i>Mrs. Pragya Pant</i>	
1. Introduction	205
2. Definitions	205
3. Crude and Refined Activity Rates	206
4. Age Specific Activity Rates	208
5. Rural-Urban Variation in Participation Rates	209
6. Structure of Economic Activity	210
7. Occupational Structure	211
7.1 Occupational Distribution by Sex	212
7.2 Occupational Distribution by Rural/Urban Residence	213
7.3 Occupational Distribution by Educational Attainment	213
8. Industrial Classification	215
8.1 Industrial Sectors	217
8.2 Rural-Urban Differences in Industrial Sectors	218
9. Employment Status: Trends and Rural/Urban Variation	219
10. Employed Population by Duration of Work	221
11. Reasons for Being Economically Inactive	222
12. Ecological Zones	223
12.1 Crude and Refined Activity Rates for Ecological Zones	223
12.2 Major Occupation Groups by Ecological Zones	224
12.3 Major Industrial Sectors by Ecological Zones	225
12.4 Employment Status by Ecological Zones	225
13. Development Regions	231
14. Summary	237
VIII Urbanization	239
<i>Tunga S. Bastola</i>	
1. Introduction	239
2. Definition of Urban Area	240
3. Urbanization	245
3.1 Growth of Population	245
3.2 Selected Measures of Urbanization	251
4. Growth of Urban Places	253
4.1 Places of 20,000 and Over	255
4.2 Places of 100,000 and Over	255

	<i>page</i>
4.3 Three Largest Cities	255
5. Geographical Pattern of Urbanization	256
6. Primacy Index and Other Indicators	261
7. Components of Urbanization	266
8. Changes in Urban Population and Urban Places	270
9. Urban Rural Differences	273
9.1 Age Composition	273
9.2 Sex Ratio.....	277
9.3 Caste/Ethnicity	279
9.4 Education	282
9.5 Economic Activity	283
9.6 Structure of Employment	286
9.7 Labour Force Changes	287
9.8 Marital Status.....	289
9.9 Population by Income	290
9.10 Income Distribution	291
9.11 Economic Development and Urbanization	292
10. Impact of Urbanization	293
10.1 Access to Water Supply	293
10.2 Sanitation.....	294
10.3 City Transport	294
11. Future of Urbanization	295
12. Conclusion	296
IX Social Composition of Population	301
<i>Prof. Bal Kumar KC</i>	
1. Introduction	301
2. Language	302
2.1 Distribution of Population by Mother Tongue	302
2.2 Language Composition of Population by Rural/Urban	306
3. Religion	308
3.1 Distribution of Population by Religious Group	308
3.2 Religious Composition of Population by Rural/Urban	311
4. Caste/Ethnicity	313
4.1 Distribution of Population by Caste	313
4.2 Caste Composition of Population by Rural/Urban	315
5. Language and Caste	320
5.1 Classification of Population by Caste and Language.....	320
5.2 Interrelationship Between Language and Caste	322
6. Conclusions	328

	<i>page</i>
Appendix.....	331
X Household Analysis: Size, Composition and Headship Rates	339
<i>Dr. Vidya Bir Singh Kansakar</i>	
1. Introduction	339
2. Household Data in Nepal	339
3. Household Size: Trends and Regional Differentials	340
4. Rural-Urban Differential in Household Size	343
5. Distribution of Households by Size: Temporal and Spatial Variations	345
6. Household Headship Rates by Sex and Age	349
7. Conclusion	352
XI Educational Development, Population and Literacy	355
<i>Tirth Bahadur Manandhar</i>	
1. Features of the Education System in Nepal	355
2. Progress in Education	357
3. Growth in School Enrolment	360
4. Enrolment Ratio	361
5. Gross Enrolment Ratio by Development Regions	362
6. Gross Enrolment Ratio by Ecological Zones	364
7. Net Enrolment Ratio	365
8. Retention Status	367
9. Enrolments at Higher-Education Levels	371
9.1 Distribution of Higher-Education Enrolments by Level and Discipline Areas	374
9.2 Proportion of Females in Higher-Education Enrolment	375
10. Literacy.....	375
10.1 Definition	375
10.2 Literacy and Development	375
10.3 Census Data on Literacy	376
10.4 Literacy Situation in 1991	376
10.5 Growth in Literacy Level, by Sex	379
10.6 Age and Sex Patterns of Literacy in Rural and Urban Areas	379
10.7 Regional Variations in Literacy Rate.....	382
10.7.1 Literacy Rate by Development Regions	382
10.7.2 Literacy Rate by Ecological Zones	383

	<i>page</i>
10.7.3 Literacy Rate by Rural-Urban Residence in the Development Regions	384
10.7.4 Literacy Rate by Districts	386
10.7.5 Gender Differences in Literacy Rate - Spatial Variations...	389
11. Educational Attainment - by Level and Rural/Urban Residence	389
12. School Attendance Status of 6-25 Years Age Population	394
12.1 School Attendance by Rural/Urban Residence	395
12.2 Ministry of Education Data on School Attendance	399
13. Future Prospects	400
XII Population and Environment in the Context of Sustainable Development in Nepal	403
Dr. Bhim P. Subedi	
1. Population and Environment in the Context of Sustainable Development	403
2. Population and Environment: The Interrelationships	404
2.1 Theoretical Nexus	404
2.2 Schematic Presentation	405
2.3 The Case of Nepal	408
2.3.1 National Scenario: The Rural Environment	409
2.3.2 The Urban Environment	411
3. Review of Government Policies and Programs	413
3.1 Policies on Environment	413
3.2 Policies on Population	414
3.3 Critique	415
4. A Framework for Assessing Population-Environment Status and its Relationships	415
4.1 The Status of Population	416
4.1.1 Growth Rate	416
4.1.2 Density	417
4.2 The Status of Environment	418
4.2.1 Relief Ratio	419
4.2.2 Proportion of Area > 300 Slope	420
4.2.3 Ratio of Non-forested and Degraded Forest	421
4.2.4 Cropping Intensity	421
4.2.5 Food Situation	423
4.2.6 Fodder Situation	424
4.2.7 Fuel-wood Situation	426
4.3 The Crude Index of Population (CIP) and Crude Index of	

	<i>page</i>
Physical Quality of Environment (CIPQuE)	427
4.4 Assessment of Districts With National Values of CIP and CIPQuE..	433
5. Conclusion.....	435
Notes	437
XIII Status of Female	
- Selected Socio-Cultural and Economics Aspects	441
<i>Dr. Meena Acharya</i>	
1. Introduction	441
2. Sex Ratio	441
3. Fertility	444
4. Mortality and Life Expectancy	447
5. Marital Status	451
6. The Population Policies and Women	453
7. Education	459
8. Economic Activity	464
8.1 Economic Activity Rates	465
8.2 Industrial and Occupational Classification	467
8.3 Socio-economic Characteristics of the Working Population	470
8.4 Industrial Transformations and Women	470
9. Concluding Remarks	476
XIV Population Policy and Family Planning Programme in Nepal	483
<i>Dr. P. L. Joshi</i>	
1 . Population Policy in Various Plans	483
2. Institutional Arrangements for Programme Implementation in Various	488
3. Demographic and Family Planning Targets and Achievements in Various Plans	490
4. Analysis of Targets and Achievements	493
4.1 Third Plan Period (1965-70)	493
4.2 Fourth Plan Period (1970-75)	493
4.3 Fifth Plan Period (1975-80)	493
4.4 Sixth Plan Period (1980-85)	494

	<i>page</i>
4.5 Seventh Plan Period (1985-90)	495
4.6 Eighth Plan Period (1992-97)	496
5. Conclusion	499
XV Organization, Design and Quality Aspects of the 1991 Population	
Census of Nepal	503
<i>Dr. Y. B. Karki</i>	
1. Introduction	503
2. Organization of the 1991 Census	503
2.1 Census Promotion	505
2.2 Questionnaire Design	505
2.3 Field Work and Coding	508
2.4 Computer Data Processing	508
2.5 Post-Enumeration Survey	509
3. Quality of 1991 Census Data	509
3.1 Accuracy of Reported Ages	509
3.2 Quality of Fertility Data	513
3.3 Sex Ratio	516
3.4 Trend in Sex Ratio of Population	517
3.5 Sex Ratios by Broad Age Groups and Regions	518
3.6 Trends in Age-specific Sex Ratios	520
3.7 Sex Ratio by Caste/Ethnic Group	522
3.8 Quality of Nuptiality Data	524
3.9 Quality of Mortality Data.....	530
4. Completeness of Coverage in 1991 Census Enumeration	530
5. Conclusion.....	531
