INTRODUCTION	i
Location and Area	i
Physical Features	i
Climate and Rainfall	i
Historical Sketch	ii
The People	iii
Administrative Structure	iv
Resources	v
Communication	vi
Economy	vii
I. CHANGE IN SIZE AND GROWTH OF POPULATION	1
History of Census Taking	1
Background of the Census Operation	1
The Census Day	3
The Count	3
Post-enumeration Quality Check	4
Population Size and Intercensal Growth Rate	7
Effect of International Migration on the Growth Rate	12
Regional / Inter-regional Comparison	13
Implications of a High Population Growth	14
Man-land Ratio/Density of Population	14
Prospects for Future Growth	16
II. GEOGRAPHICAL DISTRIBUTION AND GROWTH OF POPULATION	17
Introduction	17
Distribution by Ecological Zones and Development Regions	17
Distribution by ecological zones	17
Distribution of population and land in different ecological zones and development regions	18
Distribution by development regions and administrative zones	19
Distribution by administrative zones	23
Distribution by districts	24
Distribution by size of settlement	25
Growth By Geographical, Development and Administrative Division	28
Growth by geographical/ecological zones	28
Growth by development regions and ecological zones	29
Inter-regional variation in growth rates	29
Growth (1971-81) by administrative zones	32
Growth (1971-81) by districts	32
Factors Affecting Regional Distribution of Population	32
Population Density	33
Overall situation	33

Development regions	35
Administrative zones	35
Districts	38
Distribution of districts by density and development regions, 1971-81	38
Intra-regional variation in density	39
III. AGE AND SEX COMPOSITION	41
Introduction	41
Sex Composition	41
Sex ratio	41
General pattern	41
Sex ratio by age	42
Sex ratio by geographical zones and development regions	45
Sex ratio by rural/urban residence	45
Sex ratio by religious communities	48
Sex ratio by language groups	49
Age Structure	49
Single year age distribution	50
Five-year distribution	54
Age ratio	56
United Nations age accuracy index	58
Age smoothing	58
Age mis-reporting: sources of error	58
Age Distribution: General Pattern	60
Age distribution by rural/urban area	61
Age structure in geographical zones and development regions	62
Distribution by broad age groups	64
Index of Aging and Median Age	66
IV. MOTHER TONGUE AND RELIGIOUS COMPOSITION	67
Mother Tongue	67
Distribution of population by mother tongues	68
Percentage change of population by mother tongues	69
Distribution of Languages by Regions	70
Language composition of the population by region	71
Distribution of major languages by rural/ urban sector	71
Language composition of the population by rural/urban <b>sector</b>	78
Language composition of the population by zones	84
Religious Composition	84
Distribution of population by religious groups	85
Percentage change of population by religious groups	86
Religious composition of the population by zones	86
Distribution of religious groups by zones	86
Religious composition of the population by regions	91
Distribution of religious groups by rural/urban sectors	92
V. NUPTIALITY TRENDS, DIFFERENTIALS AND DETERMINANTS	95
Introduction	95
Intercensal Changes: Overall Situation	97
Proportion married by age and sex	99
Singulate mean age at marriage	101
Widowhood	101

Proportion divorced/separated	102
Rural/urban difference	102
Regional difference: ecological zones	104
Regional difference: development regions	105
District level variation	108
Nuptiality Indexes	111
Variation in Nuptiality indexes: development regions	113
Variation in nuptiality indexes: geographic zones	113
Rural/urban differences in nuptiality indexes	113
The Coale Model for First Marriage	113
Socio-economic and Demographic Differentials in Marriage	114
Educational attainment and age at marriage	117
Occupation and age at marriage	118
Religion and age at marriage	119
The Effect of Marital Stability On Fertility	120
The Effect of changes in the marriage pattern on fertility	123
Factors Affecting Age at Marriage	125
VI. POPULATION GROWTH AND EDUCATION DEVELOPMENT	127
Introduction	127
Level of Literacy: Intercensal Changes	127
Literacy rate by age and sex	128
Literacy rate by age and sex: rural and urban areas	129
Literacy rate by zone	130
Literacy rate by region	130
Literacy rates: geographic zones/development regions	131
Literacy rates by districts	132
Educational Attainment	134
Educational attainment: rural/urban differences	136
School Enrolment	140
Trends in educational enrolment	140
Enrolment ratio	141
Regional variation in enrolment ratios	144
Net enrolment ratio	145
Enrolment at higher level education	146
Retention Rate	148
Future Prospects	149
VII. INTERNAL MIGRATION	153
Introduction	153
Volume of Migration: National Level	153
Volume of migration: geographic zones	153
Volume of migration: development regions	156
Duration of Residence	156
Country of Birth	158
Inter-regional Flow of Migrants	159
Migration rate	162
Direction of flow	162
Sex composition of the migration	166
Reasons for Migration	168
Reasons for migration by age and sex	168

Reasons for migration: trend	166
Reasons for migration stream (inter-regional)	171
Reasons for migration by migration stream (Intra-regional)	172
Socio-economic Characteristics of the Migrants	174
Determinants of Migration	176
<b>VIII. URBANIZATION</b>	179
Introduction	179
Level and Growth of Urbanization	179
Urban Place by Size and Population	180
Distribution of Urban Places by Geographic Zones	181
Shifts in Urban Size Categories	182
Distribution of Urban Population and Places by Development Regions	184
Level and Growth of Urbanization by Region	186
Regional Variations of Urban Population by Size of Place	190
Regional Distribution of Largest Urban Areas of Nepal	193
Intra-urban variation by Socio-economic Characteristics	194
Rural-Urban Differences	
Marital status	195
Education	196
Employment/Labour force participation	197
Income, expenditure and consumption	197
Fertility and mortality differentials	198
<b>IX. ECONOMIC ACTIVITY OF THE POPULATION</b>	201
Introduction	201
Economically Active Population: General Trend	202
Crude and refined activity rates	204
Participation rate by broad age groups	
Intercensal periods	206
Inactive population	207
Labour force structure	209
Labour force participation status by rural and urban sector	210
Age specific participation rates	211
Rural / Urban differences	214
Industrial Classification	215
Industrial distribution	217
Occupational Classification	220
Occupational distribution	221
Educational attainment and occupation	223
Employment Status	225
Unemployed Population	229
Age-specific unemployment rates	232
Regional Differences in Economic Activity:	
Development regions	232
Regional differences in economic activity: ecological zones	235
The Longevity of Working Life in Nepal	240
The loss of active life	241
Dynamics of labour force	241
<b>X. FEMALE STATUS</b>	243
Introduction	243

Educational Attainment	245
Enrolment	246
Enrolment at higher level education	246
Retention rate	246
Demographic Characteristics	247
Sex ratio	247
Sex ratio by age	247
Age at marriage	247
Age at marriage by background variables	248
Marital status	248
Pattern of marriage	248
Widowhood	249
Mortality	249
Life expectancy at birth	249
Age-specific death rate	250
Maternal mortality	250
Infant / child mortality	251
Crude death rate	251
Labour Force Participation Rate	251
Agricultural / Non Agricultural sector	253
Agricultural sector	253
Non Agricultural sector	254
<b>XI. ESTIMATES OF FERTILITY AND MORTALITY</b>	259
Introduction	259
Indirect Measures	259
Birth Rates : National Level	259
Total fertility rate (TFR)	266
Mortality	267
Life Expectancy	267
Infant Mortality	269
Estimates of Fertility : Regional Level	270
Estimates of Infant Mortality : Regional Level	272
Direct Measures of Fertility	273
Child-woman ratio by geographical areas	274
Child-woman ratio by administrative zones	275
Child-woman ratio by districts	276
Number of children ever born	278
Regional variations in mean parity	279
<b>XII. TRENDS AND DIFFERENTIALS IN FERTILITY IN NEPAL</b>	281
Introduction	281
Sources and Quality of Data	281
Levels and Trends in Fertility 1952/54 - 81	282
Crude birth rate	283
Age specific and total fertility rates	283
Total fertility rate (TFR)	285
Age-specific marital fertility rate (ASMR)	285
Cumulative and completed fertility	287
Differential Fertility	288
Rural /urban residence	289
Ecological zones and development regions	290
Education	291

Religion	293
Ethnicity	294
XIII. TRENDS AND DIFFERENTIALS IN MORTALITY	297
Introduction	297
Data Sources and Limitations	297
Crude Death Rates 1952/54-1981	298
Infant Mortality Rate	299
Maternal Mortality and Adult Mortality	302
Mortality Differentials	303
Age	303
Sex	304
Urban-rural residence	308
Differentials in infant mortality rates by socio-demographic factors	309
Infant mortality differentials: rural/urban and regional	311
Causes of Death	311
Life Table	312
XIV. POPULATION POLICY AND FAMILY PLANNING	315
Introduction	315
Population Policy	315
Evolution of Population Related Institutions	317
Population Policy Co-ordination Board (POPCOB) and National Commission on Population (NCP)	318
Nepal Family Planning and MCH Project (FP/MCH)	318
Integrated Community Health Services Development Project (ICHSDP)	321
Family Planning Budgets	322
Births Averted	326
XV. SOURCES AND QUALITIES OF DEMOGRAPHIC DATA	329
Quality of the 1981 Census	329
Introduction	329
Organization of the 1981 Census	329
Questionnaire	330
Field work and coding	331
Computer data processing	331
Post-enumeration survey	331
The Quality of the 1981 Census Data	332
Census coverage	332
Accuracy of reported ages	332
Evaluation of fertility data	333
Comments on other items	335
Factors Affecting Quality of 1981 Census Data	335
Survey	336
National health survey	336
Family planning knowledge, attitude and practice (KAP) and fertility surveys	336
National fertility survey	337
Demographic sample surveys	337
Mid-term population sample survey	337

The second national family planning follow up surveys	337
Contraceptive prevalence survey	337
Fertility and mortality survey	337
Vital Registration	338
Vital Statistics Programme : Past and Present	338
Achievement	339
Pilot Projects	340
Sample Registration Scheme (SRS)	340
Civil Registration System	340
Budget	341
Factors Affecting Low Coverage in Vital Statistics	341
Organizational and administrative problems	341
Socio-economic development	342
APPENDIXES	345
CORRIGENDUM	357

## List of Tables

	Page
<b>INTRODUCTION</b>	
Table A. 1- Historical GDP growth	vii
A. 2- Growth and composition of GDP 1974/75-1985/86	viii
A. 3- Farm size and distribution of holding in Nepal	ix
<b>Chapter I</b>	
Table 1.1 Observed and expected number of children aged 0-4 and the estimates of under/over-enumeration of children	6
1.2 Population size and growth, Nepal, Census years 1952/54-1981	7
1.3 Adjusted population and intercensal growth rate, Nepal, Census years 1961-81	10
1.4 Percentage distribution of children (from birth to 4 years) by single year age and sex, Nepal, Census years 1971-1981	11
1.5 Percentage distribution of children (aged 0-4) and aged (65 years and above) by sex, Nepal, Census years 1952/54-81	11
1.6 Percentage distribution of children (0-4 years) and the aged (65 years and above) by sex and ecological zones, Nepal, Census years 1971-1981	12
1.7 Some characteristics of population	12
1.8 Population of countries in the SAARC (South Asian Association for Regional Co-operation) region, 1981	13
1.9 Area and population density by ecological zones, Nepal, Census years 1952/54-1981	15
<b>Chapter II</b>	
Table 2.1 Distribution of population by ecological zones, Nepal, Census years 1952/54-1981	18
2.2- Percentage distribution of population and land in different ecological zones and development regions, Nepal, Census years 1971-81	18
2.3- Percentage distribution of population and land in different development regions and administrative zones, Nepal, Census years 1971-81	20
2.4- Rank distribution of ecological zones and development regions by size, Nepal, Census years 1971-5;	22
2.5- Rank distribution of ecological zones and development regions by growth rate, Nepal, Census years 1971-81	23
2.6- Percentage distribution of population by administrative zones, Nepal, Census years 1971-81	24
2.7- Distribution of districts according to population size, Nepal, Census years 1971-81	24
2.8- Distribution of districts according to population size, Nepal, Census years 1971-81	25
2.9- Distribution of the localities by size of population, Nepal, Census years 1971-81	26
2.10 Per cent distribution of population according to size class of settlements in different ecological zones and development regions, Nepal, Census years 1971-1981	27
2.11 Intercensal population growth (exponential) rates by ecological/geographical zones 1952/54-81	28

2.12	Distribution of population and population growth rates by ecological zones and development regions, Nepal, Census years 1971-1981	30
2.13	Population increase between 1971-81 by development region, administrative zone and district, Nepal	31
2.14	Distribution of districts according to annual geometric rate of population growth, Nepal, Census years 1971-81	32
2.15	Natural increase rates, exponential growth rates and rates of in and out migration by development regions, Nepal, Census years 1971-81	33
2.16	Density in various ecological zones and development regions Nepal, Census years 1971-81	34
2.17	Density of population by development region, Nepal, for Census years 1971-81	35
2.18	Density of population by development regions, administrative zones and districts, Nepal as in Censuses of 1971 and 1981	36
2.19	Distribution of districts by density and development regions, Nepal, 1971-81	39

### Chapter III

Table 3.1	Population classified by sex and masculinity proportion and sex ratio, Nepal, Census Years 1952/54-81	42
3.2	Masculinity proportion and sex ratio for the SAARC countries	42
3.3	Sex-ratio by five year age-groups, Nepal, Census years 1952/54-81	43
3.4	Sex-ratio by ecological zones and development regions, Nepal, Census years 1952/54-81	45
3.5	Sex ratio by rural and urban areas, Nepal, Census years 1952/54-81	48
3.6	Sex ratio classified by religion, Nepal, Census years 1952/54-81	48
3.7	Sex ratio for major ethnic groups classified by mother tongue, Nepal, Census year 1981	49
3.8	Percentage distribution of population by single year age and sex, Nepal, Census years 1971-1981	50
3.9	Value of Whipple's Index, Nepal, Census years 1971-81	53
3.10	Myer's Index of digital preference for digits 0 to 9, Census years 1961-1981	53
3.11	Percentage distribution of population by five year age groups and sex, Nepal, Census years 1952/54-1981	54
3.12	Age ratio by five year age-groups and sex, Nepal, Census years 1952/54-1981	57
3.13	Five and single year adjusted age distribution of population (in per cent) by sex, Census year 1981	60
3.14	Percentage distribution of total population by broad age-groups, Nepal Census years 1952/54-81	61
3.15	Percentage distribution of total urban/rural population by five year age groups Nepal, Census years 1961-1981	62
3.16	Percentage distribution of total urban/rural population by broad age groups, Nepal, Census years 1961-1981	63
3.17	Percentage distribution of total population by geographical zones Nepal, Census years 1952/54-81	63
3.18	Percentage distribution of total population by development regions, Nepal, Census years 1971-81	63
3.19	Percentage distribution of the total population by broad age groups and dependency ratios, Census years 1952/54-1981	64
3.20	Dependency ratio and index of aging for urban/rural area, Nepal, Census years 1961-81	65
3.21	Dependency ratio and index of aging for ecological zones, Nepal, Census years 1952/54-81	65
3.22	Dependency ratio and index of aging for development regions, Nepal, Census years 1971-81	65
2.23	Index of aging and median age, Nepal, Census years 1952/54-81	66

## Chapter IV

Table 4.1	Numerical and percentage distribution of population by mother tongues, Nepal, Census years 1952/54-1981	69
4.2	Intercensal percent change and geometric growth rate of population by mother tongues, Nepal, Census years 1952/54-81	70
4.3	Numerical and percentage distribution of the population by major mother tongues for regions, Nepal, Census years 1952/54-81	72
4.4	Numerical and percentage distribution of population by major mother tongues for regions, Nepal, Census years 1952/54-81	74
4.5	Percentage distribution of population by mother tongues and geographical zones, Nepal, Census years 1952/54-81	76
4.6	Numerical distribution and percentage change of the population by mother tongues for geographical zones, Nepal, Census years 1971 and 1981	77
4.7	Percentage distribution of major languages by rural/urban sector, 1981	78
4.8	Numerical and percentage distribution of the population by major mother tongues for rural and urban areas, Nepal, Census year 1981	78
4.9	Numerical and percentage distribution of the population by major mother tongues for zones, Nepal, Census years 1971 and 1981	80
4.10	Numerical and percentage distribution of the population by major mother tongues for zones, Nepal, Census years 1971 and 1981	82
4.11	Numerical and percentage distribution of the population by religion, Nepal, Census years 1952/54-81	85
4.12	Percentage increase and growth rate in population by religion 1952/54-61, 1961-71, 1971-81 and 1952/54-1981	85
4.13	Numerical and percentage distribution of the religious groups by zones, Nepal, Census years 1971-81	87
4.14	Religious composition of the population by zones, Nepal, Census years 1971-1981	88
4.15	Religious composition of the population and percentage distribution by geographic zones, Nepal, Census years 1971-1981	89
4.16	Numerical and percentage distribution of the religious groups by regions, Nepal, Census years 1952/54-1981	90
4.17	Religious composition of the population by regions Nepal, Census years 1952/54-1981	91
4.18	Rural / Urban, percentage distribution and percentage change in population by religion, Nepal, Census years 1971-81	92

## Chapter V

Table 5.1	Percentage distribution of never married and ever-married women 15 years of age and above, Nepal Census year 1971, Nepal Fertility Survey (NFS) 1976 and Census year 1981	96
5.2	Sex ratio among the currently married persons, Nepal Census years 1952/54 - 1981	97
5.3	Marital status of population aged 10 years and over by sex, Nepal, Census years 1952/54-1981	98
5.4	Age-sex specific proportions of married persons Nepal, Census years 1961-1981 and percentage changes in proportions married between 1961-71, 1971-81 and 1961-81	99
5.5	Age-sex specific proportions of never married persons, Nepal, Census years 1961-1981 and percentage changes in proportions never married between 1961-71, 1971-81 and 1961-81	100
5.6	Singulate mean ages at marriage, 1961-81	101
5.7	Age-specific proportion of widowed persons, Nepal, Census years 1961-1981 and percentage changes in proportions widowed between 1961-71, 1971-81 and 1961-81	101

5.8	Age-sex specific proportion of divorced/separated persons, Nepal, Census years 1961-1981 and percentage changes in proportions divorced/separated between 1961-71, 1971-81 and 1961-81	102
5.9	Percentage distribution of population aged 10 years and above by marital status and sex, Nepal by rural and urban areas 1961-1981	103
5.10	Mean age at marriage by sex for rural/urban residence, 1961 and 1981	104
5.11	Ever-married persons as proportion of total population 10 years of age and over and sex for different ecological zones, Nepal, Census year 1981	104
5.12	Never married persons as proportion of total population 10 years of age and over and sex for different ecological zones, Nepal, Census year 1981	105
5.13	Mean age at marriage for population aged 10 years and above by sex for ecological zones, Nepal, Census years 1971-1981	105
5.14	Age-sex specific proportion of ever married population aged 10 years and above by sex for development regions, Nepal, Census year 1981	106
5.15	Age-sex specific proportion of never married population aged 10 years and above by sex for development regions, Nepal, Census year 1981	106
5.16	Percentage distribution of population aged 10 years and above by marital status and sex and by development regions. Nepal. Census years 1971-81	107
5.17	Mean (singulate) age at marriage for population 10 years and above by sex for development regions, Nepal, Census years 1971-81	108
5.18	Mean age at marriage (female) and rank order for 75 districts, Nepal, Census year 1981	109
5.19	Mean age at marriage (male) and rank order for 75 districts, Nepal, Census year 1981	110
5.20	Marital status indexes for the whole kingdom by development region, ecological zone and rural/urban areas, Nepal, Census years 1961-81	112
5.21	Coale's nuptiality parameters (females) for 1971 and 1981 censuses	114
5.22	Percent of men and women never married and singulate mean age at first marriage by level of literacy educational attainment, Nepal, Census year 1981	116
5.23	Average level of education of ever-married and never-married women 10 years of age and over, by rural /urban background , Census year 1981	118
5.24	Percent of men and women never married and singulate mean age at first marriage by major occupation groups, Nepal Census year 1981	119
5.25	Percent of man and women never married and, singulate mean age at first marriage by major religions, Nepal Census year 1981	120
5.26	Number of Children ever born alive per 1000 ever married women by age and marital status , Nepal Census year 1981	121
5.27	Number of Children ever born alive per 1000 ever married women by age and marital status and educational attainment, Nepal Census year 1981	122
5.28	Impact of changes in marital structure on birth rate	124
5.29	Estimated percentage change in birth by age between 1961 and 1981 produced by shift in marital structure	125
5.30	Determinants of singulate mean age at marriage (female): regression analysis (OLS)	126

## Chapter VI

6.1	Literacy rate ( % with respect to population aged 10 years and over) and it's intercensal change by sex, Nepal, Census years 1952/54-1981	128
6.2	Literacy rates by age and sex, Nepal, Census years 1961-1981	128

6.3	Literacy rates by age and sex, rural-urban sectors, Nepal, Census years 1961 and 1981	129
6.4	Literacy rates and rank in order for the zones of Nepal, 1971 and 1981	130
6.5	Literacy rates (% of population literate to total population aged 6 years and over) and rank in order for the development regions of Nepal, Census years 1971-1981	131
6.6	Literacy rates (% of population literate to total population aged 6 years and over) and rank in order for the geographic zones and development regions of Nepal, Census years 1971-81	132
6.7	Literacy rates of population 6 years and above by sex for districts, Nepal, Census years 1971 and 1981	133
6.8	Percentage distribution of the population aged 6/10 years and over by level of education, age and sex, Nepal, Census years 1961-81	135
6.9	Percentage distribution of the population aged 6/10 years and over by level of education, age and sex, for rural Nepal, Census years 1961 and 1981	137
6.10	Percentage distribution of the population aged 6/10 years and over by level of education, age and sex, for urban Nepal, Census years 1961 and 1981	138
6.11	Growth in school enrolments, Nepal, 1965/66-1984/85	139
6.12	Average annual rates of growth of total primary, lower secondary and secondary level enrolments, Nepal	140
6.13	Apparent/gross enrolment ratios at different educational levels	142
6.14	Numerical distribution of students and enrolment ratio (10-24 years of age) of Nepal by sex and area, for the Census years 1971 and 1981	143
6.15	Enrolment ratio at primary, lower secondary and secondary level of general education by development regions and ecological zones, 1981	144
6.16	Gross and net enrolment ratio at various levels of general education, Nepal, 1984	146
6.17	Growth in higher level education 1973-1984	147
6.18	Percentage distribution of enrolments at higher level education by courses of study, 1973 - 1984	147
6.19	Retention Rates , Nepal, 1973 – 1983	149
6.20	Projected growth of total and school age population Nepal 1981 – 2001	150

## Chapter VII

Table 7.1	Life-time migrants (internal) of Nepal, Census years 1961-81	154
7.2	Native born population distributed by place of birth and place of enumeration for geographic zones, Nepal, Census year 1971	155
7.3	Native born population distributed by place of birth and place of enumeration for geographic zones, Nepal, Census year 1981	155
7.4	Native born population distributed by place of birth and place of enumeration by sex for geographic zones, Nepal, Census year 1981	155
7.5	Native born population distributed by place of birth and place of enumeration for development regions, Nepal, Census year 1971	157
7.6	Native born population distributed by place of birth and place of enumeration for development Regions, Nepal, Census year 1981	157
7.7-	Duration of residence of population at place of enumeration, Nepal, Census year 1981	157
7.8-	Foreign born population by country of birth, Nepal, Census years 1961-1981	159
7.9	Inter-regional flow of life-time migrants by regions, Nepal, Census year 1981	160
7.10	Inter-regional flow of life-time migrants by region, Nepal, Census year 1971	160

7.11	Intercensal (1970-81), flow of migrants by regions, Nepal	161
7.12	Percentage distribution of life-time in - migrants to region of residence from region of birth, Nepal, Census year 1981	163
7.13	Percentage distribution of life-time migrants from region of birth to region of residence, Nepal, Census year 1981	164
7.14	Direction of Mobility : Place (zone) of birth by place (zone) of destination, Nepal, Census year 1981	165
7.15	Sex ratio of life-time migrants (in and out) by regions/zones, Nepal, Census year 1981	166
7.16	Sex ratio of life-time migrants from and/or to the place of birth for regions in Nepal, Census year 1981	167
7.17	Percentage distribution of total (inter-district) life-time migrants of each sex by reasons for migration, Nepal, Census year 1981	168
7.18	Percent distribution of total (inter district ) life-time migrants by age, sex and reasons of migration, Nepal, Census year 1981	169
7.19	Per cent distribution of reasons for migration by duration of stay, and sex Nepal, Census year 1981	170
7.20	Per cent distribution of life-time migrants of each sex and in each migration stream (inter-regional) by reasons for migration, Nepal, Census year 1981	172
7.21	Per cent distribution of life-time migrants of each sex and in each migration stream: other areas to urban areas	172
7.22	Percentage distribution of life-time migrants of each sex and in each migration stream (intra-regional) by reasons for migration, Nepal, Census year 1981	173
7.23	Some socio-economic characteristics of the migrants and the non-migrants national population, Nepal, Census year 1981	174
7.24	Factors affecting net migration rate of a region of Nepal: regression analysis (OLS)	177

## Chapter VIII

Table 8.1	Percentage distribution of urban and rural population, percentage change in intercensal period and rate of growth of urban, rural and total population, Nepal, Census years 1952/54-1981	180
8.2	Percentage distribution of urban and rural population, percentage change in the intercensal period and rate of growth of urban-rural and total population, Nepal, Census years 1952/54-1981	180
8.3	Numerical and percentage distribution of urban places by size of place, Nepal. Census years 1952/54-1981	181
8.4	Percentage distribution of urban population by size of place, Nepal, Census years 1952/54-1981	182
8.5	Percentage distribution of urban population by geographic zones, Nepal, Census years 1952/54 -1981	183
8.6	Distribution of urban places and urban population by size of place and shifts of urban places between categories in the size-of-place distribution, Nepal, Census years 1952/54-61,1961-71 and 1971-81	184
8.7	Percentage distribution of urban population, rates of growth of urban and rural population by regions of Nepal for Census years 1952/54-81	185
8.8	Percentage distribution of urban population by development regions, Nepal, Census years 1952/54-81	187
8.9	Distribution of urban places and urban population by size of place and shifts of urban places between categories in the size-of-place distribution, Nepal, Census years 1952/54-61, 1961-71 and 1971-81: ecological zones	188

8.10	Shifts of urban places between categories in the size-of- place distribution: 1952/54-61, 1961-71 and 1971-81, for the development regions of Nepal.	189
8.11	Percentage distribution of urban population by size of place and region, Nepal, Census years 1952/54-81	190
8.12	Percentage distribution of urban population by size of place and development region, Nepal, Census years 1952/54-81	192
8.13	Distribution of urban places by size of place for geographical zones, Nepal, Census years 1952/54-81	193
8.14	Population distribution and location (by region) of the largest urban places of Nepal, Census years 1952/54-81	194
8.15	Regression coefficient of the measures of socio-economic characteristics on size of urban centers 1981	195
8.16	Per capita income at constant 1974/75 prices in agricultural and non-agricultural sectors: 1974/75-1981/82	198
8.17	Percentage of population and households with per capita income below the poverty line	198
8.18	Estimated crude birth rate (CBR), total fertility rate (TFR) and gross reproduction rate (GRR) by rural/urban residence, 1974/75, 1976 and 1977/78	199

## Chapter IX

Table 9.1	Growth of total population and economically active population by sex, Nepal, Census years 1952/54-1981	203
9.2	Growth of total population and economically active population aged 15 years and above, Nepal, Census years 1952/54-1981	204
9.3	Crude and refined activity rates by sex, Nepal, Census years 1952/54-1981	206
9.4	Crude activity and age specific participation rates by sex, Nepal, Census years 1952/54-1981	206
9.5	Numerical and percentage distribution of economically inactive population (15 years and over) by the reason for inactiveness and by sex for Nepal, Census years 1961-1981	298
9.6	Percentage distribution of labour force(15 years and above) by agricultural and non-agricultural sector and sex, Nepal, Census years 1961-81	209
9.7	Growth of total population and economically active population (10 years and above) by rural-urban sector, Nepal, Census years 1971 and 1981	210
9.8	Age-specific activity rates by sex, Nepal, Census years 1971-81	211
9.9	Age-sex specific activity rates in urban and rural areas, Nepal, Census years 1961 and 1981	214
9.10	Age-specific participation rate in rural and urban areas, Nepal, Census year 1981	215
9.11	Percentage distribution of employed population (10+years) by major industry sector and sex, Nepal, Census years 1952/54-81	216
9.12	Percentage distribution of the employed population by major industries	218
9.13	Percentage distribution of the economically active population aged 10 years and over by sex, urban/ rural areas and major industries, Nepal, Census years 1971-81	218
9.14	Percentage distribution of employed population (10 years and above) by major occupation and sex, for whole kingdom, rural and urban areas, Census years 1971-81	220
9.15	Percentage distribution of the employed population by major occupational groups	222

9.16	Percentage distribution of the economically active persons (10 years and over), by sex and major occupation group, Nepal, Census years 1971-81	223
9.17	Percentage distribution of employed population by occupation and educational attainment, Nepal, Census years 1971-81	224
9.18	Percentage distribution of employed population (10 years) by employment status and sex, Nepal, Census years 1952/54-81	226
9.19	Percentage distribution of employed population by employment status, sex and major industrial sectors Nepal, Census years 1971-81	228
9.20	Distribution of population by rural-urban residence and rate of unemployment, Nepal, 1981	230
9.21	Percentage unemployed to labour force	230
9.22	Age-specific unemployment rates by sex, rural and urban areas, Nepal, 1981	231
9.23	Age-specific activity rates by development regions, Nepal, Census year 1971	233
9.24	Age-sex specific activity rates for development regions, Nepal, Census year 1981	234
9.25	Crude economic activity rates for geographic zones (with respect to population 10 years and over), Nepal, Census years 1952/54-81	235
9.26	Refined economic activity rates for geographic regions (with respect to population 10 years and over), Nepal, Census years 1952/54-81	236
9.27	Percentage distribution of employed population aged 15 years and over by major occupational groups and sex for ecological zones, Nepal, Census years 1961-81	237
9.28	Percentage distribution of employed population aged 15 years and over by major industrial sector for ecological zones, Nepal, Census years 1952/54-81	238
9.29	Percentage distribution of employed population (15 }-years) by employment status and sex for ecological zones, Nepal, Census years 1961-81	239
9.30	Abridged table of economically active life for males, Nepal, 1981	240
<b>Chapter X</b>		
Table 10.1	Economic activity rate of Nepal and few other neighboring countries	252
10.2	Percentage distribution of agricultural and non-agricultural labour force by sex, 1981	253
10.3	Percentage distribution of the employed population by major occupation groups	255
10.4	Numerical and percentage distribution of economically active population 10 years and over by major industry division and sex for 1971 and 1981	256
<b>Chapter XI</b>		
Table 11.1	Cumulative age distribution and corresponding model (west) life table	260
11.2	Stable population estimates of fertility and mortality based on smoothed age distribution of the female population of Nepal and annual rate of growth of the population in the intercensal periods 1952/54-61 1961-71 and 1971-81	260
11.3	Stable population estimates of birth rates determined by the reported proportion under age 15, childhood mortality and intercensal growth rate: 1952/54-61,1961-71 and 1971-81	62
11.4	Mortality estimates (Brass Technique.) based on average number of children ever born and average number of children surviving reported in 1981 census	262
11.5	Crude birth rate estimated by reverse survival method	264
11.6	Estimated number of births from adjusted age scheduled fertility rates and number of women in the reproductive ages (15-49), Nepal, Census year 1981	265

11.7	The adjusted age-specific fertility rates and estimation of total fertility based on P/F ratio techniques (Brass and Trussell Multipliers), for the Census year 1971 and 1981	266
11.8	The average intercensal (1971-81) estimates of life expectancy at birth and infant mortality rates based on census survival method	268
11.9	Average intercensal (1961-71 and 1971-81) estimates of life expectancies at birth by census survival method and estimates for 1981	268
11.10	Estimate of infant mortality for Nepal based on proportion dead among children ever born to ever married women reported in the 1981 census. by employing Brass and Trussell method	269
11.11	The adjusted age-specific fertility rates and estimation of total fertility based an P/F ratio technique (Brass and Trussell Multipliers), for ecological zones, 1981	270
11.12	The adjusted age-specific fertility rates and estimation of total fertility based on P/F ratio technique(Brass and Trussell Multipliers), for development regions, 1981	271
11.13	Estimate of infant mortality and corresponding life expectancy for different ecological and development regions	272
11.14	Child woman ratio by ecological zone, Nepal, Census years 1971-81	275
11.15	Child woman ratio by development regions, Nepal, Census years 1971-81	275
11.16	Child woman ratio by zones, Nepal, Census years 1971-81	276
11.17	Child woman ratio by districts, Nepal, Census years 1971-81	276
11.18	Regression of socio-economic factors on child-woman ratio (CWR) of a district	277
11.19	Mean live births per ever-married woman by age-groups for eccological zones, Nepal, Census year 1981	279
11.20	Mean live births per ever married woman by age-groups for development regions, Nepal, Census year 1981	279

## Chapter XII

Table 12.1	Estimated crude birth rates 1952/54-81	283
12.2	Age-specific fertility rates, Nepal 1971-81	284
12.3	Estimate of total fertility rate, Nepal 1971-81	285
12.4	Age--specific marital fertility rates, Nepal 1976-1984	287
12.5	Reported number of children ever born per women : 1961 -1984	288
12.6	Total fertility rates per woman in rural and urban areas, Nepal 1974-75 - 1981	289
12.7	Total fertility rates and total marital fertility rates for ecological zones and development regions of Nepal :1971 - 1984	291
12.8	Correlation of fertility variables with educational variables	292
12.9	Mean Number of children ever born to currently married women by age and husband's education	293

## Chapter XIII

Table 13.1	Estimates of crude death rates, 1954 -1984	298
13.2	Estimates of infant mortality rates, 1954-1981	300
13.3	Infant mortality rates, adjusted for heaping and corrected for age truncation, estimated from Maternity histories in the 1976 Nepal Fertility Survey	301
13.4	Estimation of male and female survivorship probabilities from birth using data on widowhood status, Nepal, 1981	303
13.5	Adjusted age-specific death rates by sex, 1974-75, 1976 and 1977-78	304

13.6	Crude death rate (CDR) by urban,-rural residence 1974-75, 1976 and 1977-78	309
13.7	Social and demographic differentials in infant mortality in Nepal, 1962-71	309
13.8	Differentials in infant mortality by urban – rural residence 1974-75, 1976 and 1977-78	311
13.9	Differentials in infant mortality by geographic zones and development regions, 1981	311
13. 10	Estimates of expectation of life at birth by sex, 1954-81	313

#### Chapter XIV

Table 14.1	Family Planning, health and total government expenditure by fiscal years	323
14.2	Family planning acceptor's target and achievement and rate of new acceptance per 1000 married women aged 15 – 44 by fiscal years	325
14.3	Percentage distribution of new acceptors by method and fiscal years	325
14.4	Demographic impact of ten years (1971- 1980) family planning programme : summery results	326
14.5	Percentage of decline in crude birth rate due to family planning programme by programme year	328
14.6	Birth averted in each programme year, 1972 – 81, Nepal : medium impact	328

#### Chapter XV

Table 15.	Population census operation 1952/54 - 1981	330
15.2	Items asked in households schedules in 1971 and 1981 censuses	330
15. 3	List of personal topics asked in 1971 and 1981 censuses of Nepal	330
15.4	Time taken by census processing	331
15. 5	Whipples's Indices	333
15. 6	Evaluation of average Parities : Nepal and Thailand	333
15.7	Age specific fertility per women : 1976 survey and 1981 census	334
15.8	Coverage of districts and achievement in birth and death registration since 1978/79	339
15.9	HMG and UNFPA budget for the vital statistics programme since 1976/77	341

#### APPENDIX

Table A	Economically active population by branch of industry for development region, Nepal, Census year 1981	345
B	Economically active population by major occupation groups for development region, Nepal, Census year 1981	345
1	Estimated life table for Nepal 1953-1961 ( M ales)	346
2	Estimated life table for Nepal 1953-1961 (Females)	347
3	Estimated life table for Nepal 1961-1971 (Males)	348
4	Estimated life table for Nepal 1961-1971 (Females)	349
5	Abridged life table for Nepal for the period 1961-1970 (Males)	350
6	Abridged life table for Nepal for the period 1961-1970 (Females)	351
7	Estimated life table for Nepal 1981 (Males)	352
8	Estimated life table for Nepal 1981 (Females)	353
9	Estimated life table for Nepal 1971-81 (Males)	354
10	Estimated life table for Nepal 1971-81 (Females)	355

## LIST OF FIGURES

Chapter I	Page
<b>Figure 1.1</b> Year and size of population, Nepal (1911-1981)	8
<b>Chapter III</b>	
<b>Figure 3.1</b> Sex Ratio 1952/54 - 81	44
<b>3.2</b> Age-specific sex ratio by rural/urban residence, 1971	46
<b>3.3</b> Age-specific sex ratio by rural/urban residence, 1981	47
<b>3.4</b> Single year age distribution of population (Male)	51
<b>3.5</b> Single year age distribution of population (Female)	52
<b>3.6</b> Population pyramid of Nepal, 1971 and 1981	55
<b>3.7</b> Percentage distribution of unadjusted and adjusted population, by single year of age 1981	59
<b>Chapter IX</b>	
<b>Figure 9.1</b> Crude Activity rates ( 15 years and above), 1952/54 - 81	205
<b>9.2</b> Age-specific activity rates for males, 1971-81	212
<b>9.3</b> Age-specific activity rates for females, 1971-81	213
<b>Chapter XII</b>	
<b>Figure 12.1</b> Comparison of fertility curves	286
<b>Chapter XIII</b>	
<b>Figure 13.1</b> Adjusted male age-specific death rates, 1974-1975 and 1977-1978	305
<b>13.2</b> Adjusted female age-specific death rates, 1974-1975 and 1977-1978	306
<b>13.3</b> Adjusted age-specific death rates 1974-1975 and 1977-1978	307
